Education

- 2020 – 2025  **B.Sc.** Industrial and Production Engineering, Bangladesh University of Engineering and Technology.
CGPA: 3.15 out of 4.00
Undergraduate thesis title: *Fraud Detection – A GNN-GAN Approach*
- 2017 – 2019  **H.S.C.** Munsir Manik Mia Degree College.
GPA: 5.00 out of 5.00
- 2015 – 2017  **S.S.C.** Bordia High School.
GPA: 5.00 out of 5.00

Skills

- | | |
|--------------------------|--|
| Languages |  Strong reading, writing and speaking competencies for English and Bengali; speaking and listening competencies for Japanese. |
| Coding |  Python, C and C++, Bash Scripting, $\LaTeX$. |
| Machine Learning |  PyTorch, Numpy, Polars, Matplotlib |
| Data Visualization & EDA |  R and RStudio, ggplot, Matplotlib |
| Misc. |  Academic research and $\LaTeX$ typesetting. |

Projects

-  **Customer Churn Analysis**
Customer Churn Analysis prepared with R and RStudio.
-  **Coal Transportation Optimization**
Applied Operations Research to a transportation model optimizing India's coal shipping costs demonstrating practical decision making.
-  **Distributionally Robust Optimization**
Compared Empirical Risk Minimization, Global - DRO, and Variable per-sample DRO to minimize a simple Convolutional Neural Network (CNN) on the WILDS Waterbird dataset.
-  **EDA on RSNA Intracranial Aneurysm Detection**
Exploratory Data Analysis and animation of a subset of the dataset of RSNA Intracranial Aneurysm Detection dataset provided by Radiological Society of North America.
-  **Conway's Game of Life**
A simple implementation of Conway's Game of Life with JavaScript.

Experiences and Certifications

Experiences

Industrial Attachment

at **Akij Textile Mills Ltd.**

June 2024 – July 2024

Performed Exploratory and Inferential Data Analysis on fabric rejection data, and Developed an optimum power plan for the premises which lowers power consumption.

Industrial Visit

at **British American Tobacco, Bangladesh**

First ever encounter of the production floor as well as the industry.

Certifications (with verifiable links)

Mathematics for Machine Learning

Awarded by **Imperial College London** on Coursera.

Combinatorics and Probability

Awarded by **University of California San Diego** on Coursera.

Introduction to Data Analytics for Business

Awarded by **University of Colorado Boulder** on Coursera.

Excel Skills for Business: Intermediate I

Awarded by **Macquarie University** on Coursera.
